Notes to Condensed Interim Financial Statements For the Three Months Ended October 31, 2021 (Expressed in Canadian Dollars) (Unaudited)

1. Nature of Operations and Going Concern

E2Gold Inc. (the "Company") was incorporated under the Business Corporations Act (Ontario) by articles of incorporation dated October 25, 2018 under the name "5003754 Ontario Ltd." On February 11, 2020, the Company filed articles of amendment to change the name of the Company to "E2Gold Inc." On October 14, 2020, the Company filed articles of amendment to remove the private company restrictions contained in its articles. The principal office of the Company is located at 8 King Street East, Suite 1700, Toronto, Ontario M5C 1B5. The financial year end of the Company is July 31.

On December 30, 2020, the Company completed its Initial Public Offering and its common shares commenced trading on the TSX Venture Exchange ("TSXV") at the opening of business on January 4, 2021. The common shares of the Company trades under the symbol "ETU".

The Board of Directors of the Company approved these unaudited condensed interim financial statements on December 15, 2021.

The principal business of the Company is the acquisition, exploration and evaluation of mineral properties, and developing these properties further or disposing of them when evaluation is complete.

The Company had no commercial operations and incurred a net loss and comprehensive loss of \$2,736,151 for the three months ended October 31, 2021, and as of October 31, 2021, the Company's accumulated deficit was \$5,932,104. These circumstances indicate that material uncertainties exist that may cast significant doubt about the Company's ability to continue as a going concern and, accordingly, the ultimate use of accounting principles applicable to a going concern. The Company's ability to continue as a going concern is dependent upon raising additional capital to meet its present and future commitments, the continued support of certain shareholders and trade creditors, and on achieving profitable commercial operations. If additional financing is arranged through the issuance of shares, control of the Company may change and shareholders may suffer significant dilution.

These unaudited condensed interim financial statements been prepared on a going concern basis which assumes that the Company will continue in operations for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. Realization values may be substantially different from carrying values as shown and the financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern.

In March 2020, the World Health Organization declared coronavirus (COVID-19) a global pandemic. This contagious disease outbreak, which has continued to spread, has adversely affected workforces, economies, and financial markets globally, leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or ability to raise funds.

Notes to Condensed Interim Financial Statements For the Three Months Ended October 31, 2021 (Expressed in Canadian Dollars) (Unaudited)

2. Significant Accounting Policies

Statement of Compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and the interpretations issued by the IFRS Interpretations Committee. These unaudited condensed interim financial statements have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB.

The policies applied in these unaudited condensed interim financial statements are based on IFRSs issued and outstanding as of December 15, 2021, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim financial statements as compared with the most recent annual financial statements as at and for the year ended July 31, 2021. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending July 31, 2022 could result in restatement of these unaudited condensed interim financial statements.

New Standards Not Yet Adopted And Interpretations Issued But Not Yet Effective

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2022. Many are not applicable or do not have a significant impact to the Company and have been excluded. The Company is currently assessing the impact of these standards on the financial statements.

- IAS 16 Property, Plant and Equipment was amended. The amendments introduce new guidance, such that the proceeds from selling items before the related property, plant and equipment is available for its intended use can no longer be deducted from the cost. Instead, such proceeds are to be recognized in profit or loss, together with the costs of producing those items. The amendments are effective for annual periods beginning on January 1, 2022.
- IAS 1 Presentation of Financial Statements ("IAS 1") was amended in January 2020 to provide a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments clarify that the classification of liabilities as current or non-current is based solely on a company's right to defer settlement at the reporting date. The right needs to be unconditional and must have substance. The amendments also clarify that the transfer of a company's own equity instruments is regarded as settlement of a liability, unless it results from the exercise of a conversion option meeting the definition of an equity instrument. The amendments are effective for annual periods beginning on January 1, 2023.
- IFRS 3 Business Combinations ("IFRS 3") was amended. The amendments introduce new exceptions to the recognition and measurement principles in IFRS 3 to ensure that the update in references to the revised conceptual framework does not change which assets and liabilities qualify for recognition in a business combination. An acquirer should apply the definition of a liability in IAS 37 rather than the definition in the Conceptual Framework to determine whether a present obligation exists at the acquisition date as a result of past events. For a levy in the scope of IFRIC 21, the acquirer should apply the criteria in IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. In addition, the amendments clarify that the acquirer should not recognize a contingent asset at the acquisition date. The amendments are effective for annual periods beginning on January 1, 2022.
